

YEAR 3 CLASSROOM news

THIS TERM IN YEAR 3...

Dear Year 3,

Year 3, let's have an awesome adventure this term! New beginnings at school are always inspiring and unique - from joining a new class to meeting new teachers, new friends, new books to setting positive goals and targets.

I hope all of my students have a joyful start to the year. Let's enjoy this fun and exciting term at school. Let's begin, InShaAllah.

What will we learn this term?

Maths

PLACE VALUE

- Explore Roman numerals to 1,000.
- Read, write, order and compare numbers to 1,000 and determine the value of each digit.
- Identify, represent and estimate numbers using different representations.
- Recognise the place value of each digit in a 3-digit number (hundreds, tens, ones).
- Count from zero in multiples of 4, 8, 50 and 100; find 10 or 100 more or less than a given number.

ADDITION AND SUBTRACTION

- Add and subtract numbers mentally.
- Add and subtract whole numbers with up to three digits, using formal - written methods of columnar addition and subtraction.
- Solve problems, including missing number facts, place value, and more complex addition and subtraction.
- Estimate the answer to a calculation and use inverse operation to check answers.

English

FICTION- STORIES ON A THEME

Explore stories on a theme with Michael Morpurgo's sea stories, 'Dolphin Boy' to explore his use of characterisation, dilemmas, dialogue, word classes and the perfect tense.

POEM- POETIC LANGUAGE

Read poems, exploring images created through language. Write and perform image poetry about animals and weather. Study noun phrases and prepositions for time, place, cause.

Science

ANIMALS INCLUDING HUMANS

- Describe the differences in the life cycles of humans and animals.
- Explore how animals survive and stay healthy.
- Learn how different animals eat different types of foods and need different proportions of nutrients.
- Recognise more about what makes a healthy, balanced diet.
- Learn about the nutrients that different foods provide and how these nutrients help our bodies.
- Recognise the different types of skeleton in an animal.
- Recognise the different muscles and bones in a human.

Geography

PLACE TO BE - UK

Within this topic, we will recognise the characteristics and vital facts about our country - United Kingdom. We will consider the geography of the UK from the physical features of mountains, rivers and seas to the man-made regions and counties. We will find out how the UK has changed over time, looking at how London grew and how the population of the UK as a whole has changed throughout the course of history.

Art

AUTUMN ART

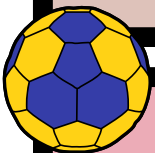

These 'Autumn' themed lessons will teach us how to use pencil, colour, paint, print, collage and paper to create quality art work. We will also have the opportunity to explore the work of several paintings of Autumn scene.

PE

HANDBALL

In PE, this term we will learn how to catch and throw across different distances with accuracy. We will develop our skills of cooperation, exploring how working as a team helps to prevent the opposition from scoring points. This will develop tactical skills, understanding effective ways to 'run the points'. We will have the opportunity to design and play a range of mini team games to help us identify and improve our skills.

Computing

We will apply our knowledge and understanding of networks and digital devices. We will develop our understanding of digital devices, with an initial focus of inputs, processes and outputs. We will compare digital and non-digital devices. We will be introduced to computer networks, including devices that make up a network's infrastructure, such as wireless access points and switches. We will discover the benefits of connecting devices in a network.

Fiqh

- Define the terms used in Fiqh
- Define Najasah
- Describe the different types of Najasah (impurities).

Arabic

- Name the countries in which Arabic is spoken
- The benefits of learning Arabic
- Greeting and introducing each other through role play
- Counting to 12 in Arabic

PSHE

HEALTHY LIFESTYLES

In this unit, we will learn how to take responsibility for our own body and lifestyles:

- The decisions and choices we make about looking after our bodies.
- The choices we make within our foods.
- Exploring the key areas in which we are able to make safer choices with regards to our body, sleep, exercise, diet, lifestyles and cleanliness.
- Learn facts about each of these areas and strategies to manage them.
