

YEAR 4

CLASSROOM NEWS

This term in Year 4:

Dear Year 4,

I hope you have all settled in well after a long and restful summer.

This term we're off on an adventure! The beginning of the year is always new and exciting, from new classes to meeting new friends, new books to optimistic goals and targets! It can all be so exciting yet daunting at the same time. Let's start this new adventure together!

I hope we all have a fun and beneficial term Insha'Allah.
Ayesha Apa and Khadija Apa

DON'T FORGET

WHAT WILL WE LEARN THIS TERM?

Maths :

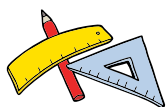

PLACE VALUE

- Identify, represent and estimate numbers using different representations
- Find out what each interval is worth in a number line
- Count in multiples of 6, 7, 9, 25 and 1,000
- Recognise the place value of each digit in a 4-digit number
- Order and compare numbers beyond 1,000
- Round any number to the nearest 10, 100 or 1,000

ADDITION AND SUBTRACTION

- Add and subtract numbers with up to four digits using the formal written methods of columnar addition and subtraction where appropriate
- Solve addition and subtraction two-step problems in contexts, deciding which operations and methods to use and why
- Estimate and use inverse operations to check answers to a calculation

Art:

BRITISH ART

In this 'British Art' unit we will learn how to use a range of media for making portraits: we will learn how to make 'sensory' boxes, create abstract 'cut ups', tell stories in pictures and write memory postcards to create quality artwork that will show our progression in skills. We will also have the opportunity to explore the work of British artists Thomas Gainsborough, Lucian Freud, Howard Hodgkin, Anish Kapoor, Paula Rego and Sonia Boyce.

PSHE :

MENTAL HEALTH

In this unit, we will be understanding that mental health, just like physical health, is part of daily life. We will look at the importance of taking care of mental health and learn about strategies and behaviours that support mental health. We will learn to recognise that feelings can change over time. We will look at how everyday things affect feelings and the importance of expressing feeling. We will learn how to express feelings in different ways:

Geography :

OUR EUROPEAN NEIGHBOURS

In this exciting and informative topic we will discover Modern Europe. We will begin to understand the amazing physical and human geography of Modern Europe, learn key facts and explore the varied countries that make up our European continent. We will also develop skills in human and physical geography and further our historical and cultural knowledge of these countries. We will look at selected countries relevant to us to compare with our local area to develop understanding of geographical similarities and differences between different countries and geographical areas.

English:

FICTION-AESOP'S FABLES

We will read a range of fables from Aesop's Fables and explore dialogue through drama, debate moral messages and write letters using extended sentences. Finally we will write our own fables.

POETRY-RAINING CATS AND DOGS

We will explore poems about dogs and cats. Investigate form and language and make comparisons. Finally we will write a poem from the point of view of a pet.

Fiqh :

- Key words in Fiqh
- Masah alal Kuffayn
- Conditions for the khuff and the different types pf khuff

Arabic :

- Name the countries in which Arabic is spoken and locate them on a map
- The benefits of learning Arabic
- Greeting and introducing each other through role play
- Counting to 12 in Arabic

Science:

ANIMALS INCLUDING HUMANS

- Describe the simple functions of the basic parts of the digestive system in humans.
- Identify the different types of teeth in humans and their simple functions.
- Construct and interpret a variety of food chains, identifying producers, predators and prey.

Computing:

THE INTERNET

We will apply our knowledge and understanding of networks, to appreciate the internet as a network of networks which need to be kept secure. We will learn that the World Wide Web is part of the internet, and will be given opportunities to explore the World Wide Web for ourselves in order to learn about who owns content and what we can access, add, and create. Finally, we will evaluate online content to decide how honest, accurate, or reliable it is, and understand the consequences of false information.

P.E:

NETBALL

We will learn how to catch and pass the ball and learn the technique for shooting and how to do a toss-up. We will begin to understand the netball rules and learn the footwork rule, learn how to dodge and lead and understand the importance of different speeds and different directions in specific drills.
